## **1. CFF High Performance Program (HPP)**

### **a) Eligibility for HPP**

Any wheelchair fencer who wishes to take part in international competitions must register for the CFF HPP. Due to the low number of athletes in the sport, there are no selection criteria to join the CFF HPP at this time and an athlete may join at any time in the season.

To request an application package for the CFF HPP please contact the HP Director at [hpd@fencing.ca](mailto:hpd@fencing.ca).

## **2. SELECTION POLICIES**

In addition, the athlete must meet any specific selection criteria for the respective event, as identified in the following sections.

### **B. WCHP Selection Committee**

The WCHP Selection Committee will confirm the final team composition for the 2011 World Championships using the criteria published in this document. The committee will consist of:

**The Selection Committee reserves the right to withdraw an athlete from a selection:**

- 1. If the athlete has not taken part in the mandatory training camps organized by the CFF prior to the event.**

The CFF will **only register HPP athletes** who have sent a request to the HP Director by e-mail to [hpdc@fencing.ca](mailto:hpdc@fencing.ca) at least **7 days** before deadline set by the organizing committee for that event. Furthermore, the athlete must include as an attachment any relevant fully completed entry forms which need to be forwarded to the organizing committee. ## **G. Rankings**

**Due to the low number of wheelchair fencers, the CFF will use the IWFC World Rankings to rank its fencers in each category, until there are sufficient numbers requiring a domestic ranking.**

### **3. Sport Canada AAP for the 11-12 carding cycle**

#### **Sport Canada AAP Policy - Paralympic**

Sport Canada has two levels of carding, **Senior (designated as SR1, SR2, SR or C-1) and Development (designated as D)** cards. Additional information can be found at [http://www.pch.gc.ca/progs/sc/prog/paa-aap/paa-aap\\_e.pdf](http://www.pch.gc.ca/progs/sc/prog/paa-aap/paa-aap_e.pdf)

An athlete must be registered in the CFF HPP to receive financial support from the AAP for the current season. Participation (except for injury) in the National Championships (if held) is mandatory to be eligible for nomination for the AAP.

Fencing is eligible for 2 Senior (SR/C1) cards for the Paralympic program; 2 SR cards may be converted to 3 D cards.

#### **“Senior International Card” (SR1/SR2)**

A “Senior International Card” is awarded to those athletes who achieve the following performances at the Paralympic Games or World Championships:

- Top 16 and Top ½ of the field in events with 3 entries per country
- Top 12 and top ½ of the field in events with 2 entries per country
- Top 8 and top ½ of the field in events with 1 entry per country

In Paralympic events that do not have a minimum of 10 countries entered, these cards will be available to athletes who have placed in the top 3 at the Paralympic Games or World Championships with a minimum of 10 entries and a minimum of 5 countries.

Sport Canada sets these criteria for Senior Cards. Athletes who meet the international criteria are eligible to be nominated by the NSO for two consecutive years, with the card for the first year referred to as SR1 and the card for the second year referred to as SR2. The second year of carding is contingent on the athlete being re-nominated by the CFF and a training and competitive program approved by the CFF and Sport Canada being maintained. The athlete must sign the HPP Athlete Agreement and complete the AAP Application form for the year in question.

Such an athlete will receive \$1,500 per month, (\$18,000 a year tax-free) and payment of post-secondary tuition fees at schools approved by Sport Canada.

#### **“Senior Card” (SR/C1)**

A “Senior card” (SR) is awarded to those athletes who meet the “Senior card” criteria. Such an athlete receives \$1,500 per month, (\$18,000 a year tax-free) and payment of post-secondary tuition fees at schools approved by Sport Canada.

Senior cards awarded to athletes who meet the SR card for the first year are called C1 cards and are funded at the Development card level.

## **“Development Card” (D)**

A “Development card” (D) is awarded to those athletes who meet the “Development card” criteria. Such an athlete receives \$900 per month, (\$10,800 a year tax-free) and payment of post-secondary tuition fees at schools approved by Sport Canada.

## **National Team Selections**

Should an athlete who has met the carding criteria decline a National Team selection (World Championships/Paralympics), that athlete will not be proposed for carding and/or his current AAP status will come under review. An exception will be made for medical reasons (certificate required). In all cases where the athlete’s carding nomination, or continuation of carding, is in question because of health problems, the athlete must meet the requirements as outlined within the Sport Canada policy on curtailment of training and competition for health-related reasons.

## **Commitment of Carded Athletes**

The CFF recognizes that it is essential to monitor each carded athlete’s involvement in the HPP. This implies that carded athletes must be accountable for their annual training and competitive performance, and agree to follow the National Team Program for their respective weapon as published by the CFF. Carded athletes must also assume responsibility for ongoing reporting as outlined by the HPP or requested by the National Coaches.

**Where the athlete demonstrates a lack of commitment to the HPP, the CFF may choose to recommend to Sport Canada that the athlete’s carding status be withdrawn.**

## **Duration of Carding Status**

Carding (D and SR) status cannot be awarded indefinitely. Athletes at the “SR” level must also demonstrate potential to reach the “SR International” level. Athletes can be carded a maximum of 8 years at the D or SR level without ever reaching the SR1 level.

## **Carding Cycle and Qualification Period**

The table below indicates the qualification period and funding cycles through 12-13:

Fencing season	Qualification period	Funding cycle
10-11	December 1, 2009 to November 30, 2010	December 1, 2010 to November 30, 2011
11-12	December 1, 2010 to November 30, 2011	December 1, 2011 to November 30, 2012 *
12-13	December 1, 2011 to November 30, 2012 *	December 1, 2012 to November 30, 2013 *

\* to be confirmed

## **Athlete Agreement**

**All carded athletes must sign the CFF HPP Athlete Agreement and return it each year to the CFF by December 1<sup>st</sup>. Failure to sign and respect the agreement will result in suspension of financial support by Sport Canada.**

## **Criteria and Prioritization of Athletes for the Sport Canada AAP**

Each year, the CFF meets with Sport Canada to determine which athletes in WC HPP have qualified for the AAP. Athletes will be prioritized for carding based on the results/ranking that they have achieved during the qualification period as follows:

### **Senior International Card (SR1/SR2)**

- 1) **SR1 Card - Worlds Top 8:** Athletes who place in the top 8 (and top half of the field) at the 2011 World Championships will be nominated for an **SR1 Card**. SR2 maintenance criteria: this card may be renewed to SR2, if the athlete registers for the 2012 HPP.

### **Senior Card (SR/C-1)**

- 2) **SR Card - Top 16 Standard:** Athletes who are ranked in the top 16 (and top half of ranked fencers) on the IWFC World Rankings, as per Paralympic quota (2 per country), in any one of their events, at the time of the AAP review meeting with Sport Canada, will be nominated for an **SR/C1 Card**
- 3) **SR Injury Card:** Athletes who were carded at the SR/C1 level the previous year and who meet the injury cards clause criteria.

### **Development Card (D)**

- 4) **D Card –Top 24 Standard:** Athletes who are ranked in the top 24 (and top half of ranked fencers) on the IWFC World Rankings, as per Paralympic quota (2 per country), in any one of their events, at the time of the AAP review meeting with Sport Canada, will be nominated for a **D Card**.
- 5) **D Injury Card:** Athletes who were carded at the D level during the previous carding cycle and who meet the injury cards clause criteria.

### **NOTE:**

**Should more athletes qualify than cards available in any of the categories above,** athletes will be prioritized based on the World Ranking in their best event. If a tie still exists, the athlete who has more World Ranking points earned in their best event will be ranked higher.

### **Injury Cards**

**Injury Cards:** Athletes who were carded at the SR2, SR, C-1 or D level during the 10-11 carding cycle and who have **not** met the criteria due to injury, illness, or pregnancy may be considered for the AAP. Athletes must submit a written request with a medical certificate (which states the anticipated date of return to competition) and any other supporting documentation to the HP Director **by September 1 of each year**. Each case will be evaluated by the WCHP Selection Committee, which will make a final recommendation on whether the athlete should be recommended for AAP support and where the athlete should be ranked in the prioritization order based on the athletes previous carding cycle's carding level.
